The unbeatable high performers in colour and black and white. These highly productive multifunctional printers quickly deal with your office workload: they combine fast print speeds together with a short time for the first print and copy. They also offer the facility to scan both colour and black and white documents to file thanks to their high-performance scanning processors. The exceptional reliability of KYOCERA's renowned long-life components ensures low running costs and reduced impact on the environment. What's more, their full duplex scan, print and copy functionality makes them the ideal partner for work groups that want to maximise productivity whilst minimising waste.

ECOSYS stands for ECOlogy, ECONomy and SYStem printing. With their long-life components, ECOSYS devices are designed to maximise durability and minimise the total cost of ownership with regard to maintenance, administration and consumables. The cartridge-free system means that the toner is the only consumable that regularly needs to be replaced. The modular design concept allows you to add workflow-enhancing functions as required and the integrated system software provides long-term cross-network compatibility.
